DETAILED ACTION

Allowable Subject Matter

- 1. Claims 23-28 and 35-39 are allowed.
- 2. The following is an examiner's statement of reasons for allowance:

The prior art of record neither discloses nor teaches a method of fabricating a liquid crystal display comprising various steps as claimed, more specifically, as the following:

patterning the protective layer and the gate insulating layer to expose the drain electrode and to form a protrusion comprising the gate insulating layer and the protective layer; and patterning the transparent pixel electrode covering the protrusion and forming an opening in the pixel electrode so as to divide the pixel region into a plurality of domains as shown in Fig.8 [claims 23 and 35].

The closest reference US 6,278,503 (Nishikawa et al) discloses that forming a protrusion having two interlayer insulating film and pixel electrode covering the side of the protrusion, but the filling date is later than the priority date of this application (applicant filed English translation of the priority document). The prior art of record do not show the inventive feature as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Application/Control Number: 10/699,819 Page 3

Art Unit: 2871

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mike Qi whose telephone number is (571) 272-2299. The examiner can normally be reached on M-T 8:00 am-5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Kim can be reached on (571) 272-2293. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
